Our Programs

Courses Designed to Build Strong Roots

A structured two-stage journey — early foundation that makes concepts click, followed by sharpened preparation for Class 9 & 10 board success.

PRE-FOUNDATION

Class 6 • 7 • 8

Build the base. Strong and early.

- ✓ CBSE syllabus — Physics, Chemistry & Maths foundation
- ✓ Concept-first teaching with visual learning
- ✓ Olympiad & NTSE integrated preparation
- ✓ Weekly tests & personal progress tracking
- ✓ Mental maths & logical reasoning

Enquire Now

FOUNDATION

Class 9 • 10

Board success + beyond.

- Complete CBSE PCM preparation
- Board-focused + NTSE & Olympiad coverage
- Ample practice — NCERT + Reference books
- Pre-board mock tests & analysis
- IIT-JEE / NEET pathway guidance

Enquire Now

Core Focus

Three Subjects. Taught Deeply.

We focus exclusively on Physics, Chemistry, and Mathematics — the three subjects that decide a student's academic direction in Class 10 and beyond.

Physics

From motion & light in Class 8 to electricity & optics in Class 10 — concepts explained through real-world demonstrations.

Motion | Light | Electricity | Sound | Gravitation

Chemistry

Matter, reactions, and the periodic table — taught through experiments, mnemonics, and clear conceptual structure.

Atoms | Reactions | Acids & Bases | Metals | Carbon

Mathematics

Algebra, geometry, and trigonometry approached step-by-step — with daily problem practice and speed-building drills.

Algebra | Geometry | Trigonometry | Statistics | Mensuration

⭐ FLAGSHIP PROGRAM

Olympiad & NTSE Preparation

Beyond school marks — we prepare students for national-level competitions. Dedicated weekend sessions build problem-solving speed and the reasoning needed to stand out.

Why Parents Choose Us

Small Batch. Personal Attention. Real Results.

What makes a coaching institute actually work for a child — we've refined it over two decades.

01

Experienced Mentor

Amit Jain Sir personally teaches and mentors every batch. 22+ years of refining how students learn PCM.

02

Concept-First Teaching

No rote learning. We build understanding from first principles — so students solve problems, not just memorise steps.

03

Small Batch Size

Limited seats per batch mean every student gets doubt-clearing time, personal attention, and regular feedback.

04

Weekly Tests & Reports

Consistent assessment with parent-shared reports. You always know where your child stands.

05

CBSE + Olympiad Sync

One curriculum that covers school syllabus thoroughly and pushes students for NTSE & Olympiads.

06

15 Days Free Demo

Before you commit, your child can attend classes free for 15 days. See the quality for yourself.

⏳ LIMITED SEATS • 2026 BATCH

Start With 15 Days Free.

No advance fee. No obligation. Just learning.
